

2X Earnings in 3 Years, 4X Earnings in 5 Years

TEI Monthly Recurring Commissions Present Unprecedented Earnings Potential

TekEfficient's diverse offering offers numerous ways to rack up monthly recurring commissions that continue for the life of the contract. Selling just one average cloud deal per month will earn you double the average annual commissions of traditional hardware sales in three years. 4X over 5 years.

The Power of Monthly Recurring Revenue

MRR acts like an annuity, paying out every month over the life of the contract. Each win compounds quickly creating a regular income regardless of how much you sell in a given month.

Vonage / TeleSphere Extend the 3X MRR Sales Promotion Exclusively for TekEfficient and Our Sales Partners!

We Pass Through Lucrative Provider Spiffs

TekEfficient services providers frequently offer sales incentives and promotions to TekEfficient and its sales partners. This means you can qualify for extra perks in addition to your lucrative commissions. Previous spiffs include Telesphere's 3X first month's revenue bonus, trips, prizes, cash and more.

Evergreen Agreements

Most contracts that TekEfficient works with are evergreen. This means every time the contract renews, you get paid commission and this lasts for the life of the engagement.

TekEfficient President's Club

Every year we reward our top sales partners with a special President's Club trip to a top resort for some well-deserved pampering and entertainment! Contact us for more info.
